

When I Listen

(Øystein Sørensen)

I'll never ever reach her
Even if I try
In the silence of the night
I was passing by
To see her
Just to listen

I don't ask for more
I don't ask for more
When I see her, when I listen

I'll never ever reach her
Even if I try
In the silence of the night
I was passing by
To see her
Just to listen

I don't ask for more
I don't ask for more
When I see her
When I listen
